Projects

Handmade Goods Platform (Website) ⬈   06/2024 – 07/2024
The Handmade Good is a platform for both local handmade sellers and people who love handmade products. Sellers can post their products, and buyers can seamlessly interact with them. The web app also has a messaging functionality for finalizing deals.
Tech used :Firebase, Google Authentication, MongoDb,ReactJs,NodeJs,ExpressJs

Other Projects
- **URL Shortner** ⬈ **-** The website is for URL shortening, using simple JavaScript and a URL shortening API
- **Comment Section** ⬈ **-** The website's comment section is built using React.js.
- **Urban Register -** ⬈ The Urban Register is designed for local milk sellers to store customer details online instead of writing them in a notebook ,The technology used is React.js.
